Why This Full Time I-LEAP for Software Engineer is Best for Fresher / unemployed Job Seekers:

- If a Candidate have only Basic Skills in Programming or Score is less/Backlog history, then it generally takes 6 Months to 36 months time in the Software /IT Industry to search and to get a suitable Job. In the process, Job Seeker also spends up to ₹1 to 3 Lacs, but that money goes waste unproductively as No Proper Skill Development, No Experience to count and No Job Assurance and worst part is 40% of them end up in Non IT field mainly BPO/Call Centers/ Admin/HR/Sales jobs without any long term growth and consequently their high paying IT /Software Career dreams are shattered forever.
- By Joining Cityland Full Time **I-LEAP for Software Engineer**, the jobseeker money is best utilized for planned Training on latest Technologies including Artificial Intelligence, Machine learning, Data science, and Block chain along with Programming, Android, IOS etc up to 25 IT Skills Trainings. And also get an employment as ‘Software Engineer Trainee’ in Cityland Technologies with Stipend Salary minimum 10000 to maximum 30000 per month during Training Period. All joined in I-LEAP can continue with company as Employees till Retirement with increased salary based on revenue generation and work performance.
- Join I-LEAP for Software Engineers today and develop your long term Career with Cityland Technologies and IT industry.
